Thank you for your interest in the Cliff Lodge, one of the premier bed and breakfast resorts located on the quaint and historic island of Nantucket. Built in 1771 by a sea captain and occupied for a half century by Nantucket's leading female poet, the inn was recently restored to its former luster, and now combines the charm and romance of a bygone era with all the comforts of home. Located in the heart of Nantucket's famed "historic district", this resplendent mariner's mansion will take you back to a romantic place and time, when the new world was still being discovered, and America was hardly yet a notion.

Nestled in a quiet residential neighborhood on a meticulously landscaped property, the inn is within easy walking distance to all downtown shops, restaurants, beaches, museums and ferry services. Although best known as a summer resort, Nantucket Island is extraordinary in every season, and the Cliff Lodge welcomes you with crackling fireplaces, down comforters, homemade afternoon treats, and special activity

weekends during the quiet season. Experience the leisurely ambience and delightful charm of the Cliff Lodge as a special place that always beckons you to return. With its many comfortable gathering areas, its fireplaces, the luxury of its rooms, its peaceful garden patio, and of course its spacious roof walk offering panoramic views of the town and the harbor, the Cliff Lodge is a place of easy elegance that can make you forget that you have ever worked for a living.
